Exam Study Guide: SA (6.0) - SAFe® Agilist

Detail

Looking for the Previous Version? Find the 5.1 Details here.

Requirements

- Review and acceptance of the Candidate Agreement are **required to start the exam**
- Exam functionality instructions are provided following the Candidate Agreement

Exam Format

- Questions are structured in a **multiple-choice, single-select** format
- Exams are **timed**, and the timer is displayed once questions are presented
- **Exams will be submitted when the timer ends**, regardless of the number of questions answered
- Scores are calculated by the number of **correctly answered questions**
- **Unanswered questions will be marked as incorrect**
- **The “Submit” button ends the exam, and a score will be calculated**

Practice Test Format

- The format reflects the same number of questions, level of difficulty, timebox, and domain areas as the exam
- Unlimited attempts
- Passing the practice test **does not** guarantee to pass the exam and is provided as a preparation resource

Interpreting the Feedback

- **DO NOT** close the feedback window until you have reviewed your question-level feedback
- The option marked is what you selected in the assessment
- The bar below each question shows the points earned out of the total points possible
- It will say "Question not answered" if you did not provide a response for the question during the assessment
- Below each question answered incorrectly is reference information for additional guidance
